```
1  public class Programmer extends Employee{
2
3
4      public Programmer(String name, double salary) {
5          super(name, salary);
6      }
7
8      @Override
9      public String toString() {
10         return "Programmer{"
11             + super.toString()
12             + "}";
13     }
14
15     @Override
16     public void work () {
17         System.out.println("I'm programmer " + getName() + " I write code");
18     }
19 }
```
